To the Board of Directors
Talkeetna Community Radio, Inc.
Talkeetna, Alaska

We have audited the accompanying statements of financial position of Talkeetna Community Radio, Inc. (a non-profit corporation) as of and for the year ended June 30, 2010 and 2009, and the related statements of activities, functional expenses and cash flows. These financial statements are the responsibility of Talkeetna Community Radio, Inc.'s management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Talkeetna Community Radio, Inc. as of June 30, 2010 and 2009, and the changes in its net assets and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Notes to Financial Statements

June 30, 2010 and 2009

(1) **Organization and Summary of Significant Accounting Policies**

Organization

Talkeetna Community Radio, Incorporated (the Corporation) is a nonprofit, tax exempt charitable and public service entity engaged in noncommercial radio broadcasting in Talkeetna, Alaska. The Corporation operates as KTNA-FM Radio.

Summary of Significant Accounting Policies

Basis of Financial Statements

The financial statements of the Corporation have been prepared on the accrual basis of accounting and accordingly reflect all significant receivables, payables, and other liabilities.

Financial statement presentation follows the recommendations of the Financial Accounting Standards Board in its Accounting Standards Codification (ASC) No. 958-605 and 958-205.

ASC 958-605 establishes standards of financial accounting and reporting for contributions received and contributions made. This statement also establishes standards for recognizing expirations of restrictions on contributions received and accounting for contributed services, collections of works of art, historical treasures and similar assets acquired by contributions or by other means.

Under the provisions of ASC 958-205, net assets and revenues, expenses, gains, and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets of the Agency and changes therein are reported as follows:

- *Unrestricted Net Assets* – Net assets that are not subject to donor-imposed stipulations.
- *Temporarily Restricted Net Assets* – Temporarily restricted resources are restricted by the donor, grantor, or other outside parties whose restrictions either expire by the passage of time or can be fulfilled and removed by actions of the Agency. Revenues associated with these resources are earned when the Agency undertakes the necessary action or other restrictions are met. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are classified to unrestricted net assets and reported in the statement of activities as net assets released from restriction.

Revenue and Support

Revenues are recorded in the period earned when expenses have been incurred for the purpose specified by the grant or contract. Fund receipts in excess of expenses for ongoing programs are recorded as deferred revenue. Advances (deferred revenue) from funding agencies are considered liquidated when an expense is recorded.

Revenue and Support, continued

Contributions from the general public are recognized as donations when received. All contributions are considered to be available for unrestricted use unless specifically restricted by the donor.

Contributions that are designated for future periods or restricted by the donor for specific purposes are reported as temporarily or permanently restricted contributions based on the nature of the restriction. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activity as net assets released from restrictions.

Cash and Cash Equivalents

Cash and cash equivalents consist of bank deposits and certificates of deposit maturing in one year or less.

Property and Equipment

Fixed assets, with an initial cost in excess of \$1,000, are recorded at cost, or in the case of donated property, at their estimated fair value at date of receipt. Depreciation is calculated by the straight-line method over the estimated useful lives of the assets, ranging from 5 to 7 years.

Special Events

Special events revenue has been recorded net of direct related expenses of \$13,640 and \$28,308 at June 30, 2010 and 2009, respectively.

Functional Expenses

Expenses are charged to program and supporting services based on actual costs. Expenses not directly chargeable are allocated based on square foot allocations and estimates of actual usage.

Income Taxes

The Corporation is recognized as a tax exempt organization under Section 501(c) (3) of the Internal Revenue Code and, except for taxes pertaining to unrelated business income, is exempt from federal and state income taxes.

The Corporation applies the provisions of Topic 740 of the FASB Accounting Standards Codification relating to accounting for uncertainty in income taxes and annually reviews its tax return and positions taken in accordance with the recognition standards. The Corporation believes that it has no uncertain tax positions which would require disclosure or adjustment in these financial statements.

TALKEETNA COMMUNITY RADIO, INC.

Notes to Financial Statements, continued

Organization and Summary of Significant Accounting Policies, continued

Fair Value Measurements

The Corporation measures certain items in these financial statements at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, that is, other than in a forced liquidation or distress sale.

The Corporation's financial assets and liabilities carried at fair value have been classified based on a hierarchy as defined in generally accepted accounting standards and are generally measured using the market approach or the income approach.

Estimates and Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Subsequent Events

The Corporation has evaluated subsequent events through October 12, 2010, the date on which the financial statements were issued.

(2) **Cash and Cash Equivalents**

The Corporation's cash and cash equivalents are maintained in checking accounts and savings accounts. Of the Corporation's deposits at year-end, all are covered by the Federal Deposit Insurance Corporation or the National Credit Union Share Insurance Fund.

At June 30, the Corporation's cash and cash equivalents consisted of the following:

	<u>2010</u>		<u>2009</u>	
	<u>Bank Balance</u>	<u>Carrying Amount</u>	<u>Bank Balance</u>	<u>Carrying Amount</u>

(3) **Long Term Debt**

On February 3, 2009, the Corporation borrowed money from the US Department of Agriculture for the purchase of their operating facility. The original loan term was for 30 years at 4.5% interest, with monthly payments of \$551. The aggregate future scheduled maturities of long term debt are as follows:

Year ending <u>June 30,</u>	
2011	\$ 3,187

(5) **Concentrations**

A significant amount of the Corporation's funding comes from operating grants awarded by the State of Alaska and the Corporation for Public Broadcasting. Both funding sources are subject to budgetary pressures in recent years. A significant decline in funding from these sources could have a material impact on the Corporation's operations.

(6) **Contingencies**

Expenses reimbursed under grants and contracts are subject to audit by the granting agencies or their representatives. The amount, if any, of expenditures which may be disallowed by the granting agencies cannot be determined at this time although management expects such amounts, if any, to be immaterial.
